SUMMARY

I'm a Fresh Graduate with a Bachelor's degree in Industrial Technology (Informatics) and a strong passion for technology. Proficient in programming languages like Python, JavaScript, and C#, I specialize in web development and graphic design, but I'm also learning about machine learning and game development. I'm also currently learning Japanese to broaden my horizons. I'm a fast learner who thrives in dynamic environments and adapts quickly to new challenges. Seeking opportunities in technology, I aim to contribute my skills, creativity, and enthusiasm to a forward-thinking team. Let's connect and explore how I can add value to your organization.
